

California Sustainable Freight Action Plan Webinar

Thursday
October 1, 2015
11:00 AM-12:00PM

Public Webinar to Discuss Ideas for California Sustainable Freight Action Plan

You are invited to participate in a webinar on the development of an integrated freight action plan for California that establishes clear targets to improve freight efficiency, transition to zero-emission technologies, and increase competitiveness of California's freight system. Governor Brown's Executive Order B-32-15 directs his administration to develop an action plan by July 2016. During the webinar, staff will provide an overview of the process for preparing the plan and its content, as well as seek public input on what actions (e.g. measures, incentives, funding, partnerships) are needed to develop a sustainable freight transport system in California. The meeting will only be held via webinar; there will be no in-person or other component.

DATE: October 1, 2015
TIME: 11:00AM-12:00PM PDT
REGISTRATION: <https://attendee.gotowebinar.com/register/6906312178946761474>
Webinar ID: 126-413-635

After registering, you will receive a confirmation email containing information about joining the webinar.

The webinar will continue through the scheduled time period, or until all questions are answered. The webinar may end prior to the scheduled end time if there are no webinar participants or all participant questions have been answered.

BACKGROUND:

On July 17, 2015 Governor Brown issued Executive Order B-32-15, which directs the Secretary of the California State Transportation Agency, the Secretary of the California Environmental Protection Agency, and the Secretary of the Natural Resources Agency to lead other relevant State Departments, including the California Air Resources Board, the California Department of Transportation, the California Energy Commission, and the Governor's Office of Business and Economic Development, to identify targets and develop a statewide, integrated plan to improve freight efficiency, transition to zero-emission technologies, and increase competitiveness of California's freight system.

The integrated action plan, the California Sustainable Freight Strategy, will also identify State policies, programs, and investments that may be pursued to achieve these targets. The plan will be informed by existing State agency strategies and policy documents, including the California Freight Mobility Plan, Sustainable Freight Pathways

to Zero and Near-Zero Emissions Discussion Document, and Integrated Energy Policy Report, as well as broad stakeholder input.

For more information about the California Sustainable Freight Strategy, please see the fact sheet at http://dot.ca.gov/hq/tpp/offices/ogm/CFAC/CSFS_Factsheet_Final.pdf. For more information regarding the webinar, contact Jason Crow at jcrow@arb.ca.gov or (916) 323-7525, or visit the Sustainable Freight Transport website at <http://www.arb.ca.gov/gmp/sfti/sfti.htm>.

If you would like to receive notices of future meetings and the availability of materials, please sign up for our list serve at:
